To: All Plantation Acres Residents

From: District Manager's Office

Subject: Misrepresentation of P.A.I.D. by contractor

It has come to our attention, through a Plantation Acres Resident, that there is currently someone impersonating a PAID contractor going door to door stating that "P.A.I.D. is interested in knowing if their pool is sinking or any other work needs to be done".

Please know that P.A.I.D. does not hire any contractor to go door to door with questionnaires, instructions to inspect, or any other issues.

P.A.I.D. will mail a notice using official P.A.I.D. letterhead or the District Manager will identify himself and address you personally should any questions need answering. PAID employees carry picture id identifying them as PAID workers.

Please be aware and contact Plantation Police if you should be confronted in this manner. The Plantation Police dept. non - emergency number is 954-797-2100.

District Manager

"We're Plantation's horse community."
